NOTICE

The following notice of intent to construct, submitted in accordance with Section R307-401-1, Utah Air Quality Rules, has been received for consideration by the Executive Secretary, Utah Air Quality Board:

Canyon Fuel Company LLC

Location: PO Box 240, Levan, UT 84639

Project Description: Canyon Fuel Company has proposed to increase production of coal at its Levan coal loadout facility from four (4) million to six (6) million tons of coal. No new equipment or expansion will be added to the facility. The increase in throughput will be accomplished through higher utilization of the existing facilities. The company is presently working with an existing Approval Order DAQE-296-98. The facility is located in Juab County which is an attainment area of the National Ambient Air Quality Standards (NAAQS) for all pollutants.

A 10-day public comment period will be required. This public comment period is being published to evaluate the publics' input on the project.

The Proposed Emissions increase will be:

PM ₁₀	1.91 tons/year
SO ₂	0.63 tons/year
NO _x	6.25 tons/year
CO	2.29 tons/year
VOC	0.61 tons/year
Aldehyde	0.49 tons/year

The engineering evaluation and air quality impact analysis have been completed and no new violations of National Ambient Air Quality Standards or Prevention of Significant Deterioration Increments will occur. It is the intent of the Executive Secretary to approve the construction project.

The construction proposal and estimate of the effect on local air quality are available for public inspection and comment at the Utah Division of Air Quality, Department of Environmental Quality, 150 North 1950 West, Salt Lake City, Utah 84114-4820. There will be a 10-day comment period held. Written comments received by the Division, at the same address on or before December 25, 1999, will be considered in making the final decision on the approval/disapproval of the proposed construction.

If anyone so requests to the Executive Secretary at the Division in writing, within 15 days of publication of the Notice, a hearing will be held to explain the project and technical rationale for the proposed action. The
